## ADVANCED CARDIAC LIFE SUPPORT

### COURSE DESCRIPTION & GOALS

The Advanced Cardiovascular Life Support (ACLS) Provider, Pediatric Advanced Life Support (PALS) and Basic Life Support (BLS) are designed for health care providers who either direct or participate in the management of cardiopulmonary arrest or other cardiovascular emergencies. The goal of the Advanced Cardiovascular Life Support (ACLS) Provider, Pediatric Advanced Life Support (PALS) and Basic Life Support (BLS) course is to improve outcomes for adult and/or child patients with cardiac arrest and other cardiopulmonary emergencies through provider training.

**We Can Teach ACLS, PALS and BLS  
Classes At Your Facility!**

**Please Call 843-588-9419 or  
visit our website: [www.aclstrainers.com](http://www.aclstrainers.com)  
for further information.**

### INFORMATION HOTLINE

For online registration with payment by credit card or if you need further ACLS/PALS/BLS information please visit our website:

**[www.aclstrainers.com](http://www.aclstrainers.com)**

The American Heart Association strongly promotes knowledge and proficiency in all AHA courses and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the AHA. Any fees charged for such a course, except for a portion of fees needed for AHA course materials, do not represent income to the AHA.

## PEDIATRIC ADVANCED LIFE SUPPORT

### PURPOSE

The purpose of PALS courses are to provide participants with information and strategies to:

- Prevent injury and death in infants and children
- Recognize and initiate treatment for respiratory failure, shock, and cardiopulmonary arrest with BLS, advanced support of oxygenation, obtain vascular access fluids and provide drug therapy
- Support families and providers in coping with emergencies and death
